

Quality and consistency guaranteed

Visit us on

About Us

We are one of the leading manufacturers of chromatography consumables in India. Our extensive range of analytical solutions, complemented by high-quality consumables, is meticulously crafted to ensure optimal accuracy for critical compounds, yielding exceptional results in terms of Retention Time (RT) and Relative Standard Deviation (RSD).

Product Range

We deal with a wide range of HPLC/ GC columns and consumables.

We manufacture all types of:

- Glass vials
- PP vials
- Storage vials
- Shell vials
- Aluminium crimp cap (head space) with PTFE/ Silicon septa
- Blue screw caps with PTFE/ Silicon septa bonded/ non-bonded
- Peek ferrules
- Peek tubing
- Membrane filters
- HPLC spare parts

All BSB manufactured products are QC passed.

Our Achievements

In a remarkable display of growth, the production capacity of our vials and cap-septa grew exponentially from an initial 2 million , to 30 million in the 2nd year and a tremendous 80 million in the 3rd year. We are growing consistently with quality.

Our company has been experiencing an impressive **Compounded Annual Growth Rate (CAGR)** of 35% year-on-year.

With a spacious warehouse spanning over **5000 square feet**, we are equipped to efficiently handle and fulfill **high volume orders**, enabling us to provide swift delivery.

We cater to our customers through our esteemed **C&F, D. Haridas and Co.** With **33+ years** of experience, **50,000+** lab products from **90+** different brands and thousands of **happy customers** across the world, **DHC** is one of the **pioneers** in providing complete lab solutions.

HPLC, GC Vials, and Inserts

BSBCV02

Clear glass screw vials
with patch
(Type 1 glass: 1.5 ml/2 ml)

BSBAV02

Amber glass screw vials
with patch
(Type 1 glass: 1.5 ml/2 ml)

BSBGAV02

Amber glass crimp vials
with patch
(Type 1 glass: 1.5 ml/2 ml)

BSBGV02

Clear glass crimp vials
with patch
(Type 1 glass: 1.5 ml/2 ml)

BSBPP02

PP screw vials with patch
(Available in 1.5 ml and 2 ml)

BSBPPLV05

PP low volume screw type vials
(Available in 350 µl)

BSBGSVSP01

Glass shell vial
with PE plug
(Available in 1 ml)

BSBGV20

Head space clear glass vials
with flat bottom bevel mouth
(Type 1 glass: 20 ml)

BSBGVR20

Head space clear glass vials
with round bottom bevel mouth
(Type 1 glass: 20 ml)

BSBGSCV20

Clear glass screw vial
(Type 1 glass: 20 ml)

BSBGAV20

Head space amber glass vial
with round bottom and bevel
mouth (Type 1 glass: 20 ml)

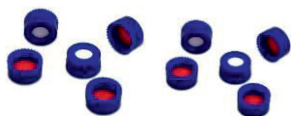

INSERTS

Inserts for HPLC vial
(PP and glass both)

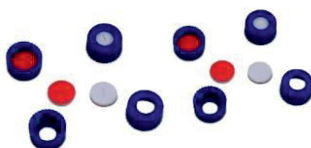

Cap -Septa

BPS09 & BNS09

Blue screw cap with bonded pre-slit/non-slit, red & white PTFE Silicon septa (9 mm); Thickness: 1 mm

NBPS09 & NBNS09

Blue screw cap with non-bonded pre-slit/non-slit, red & white PTFE Silicon septa (9 mm); Thickness: 1 mm

RR09 & NS09

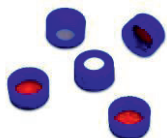

Agilent products

Blue screw cap with bonded pre-slit/non-slit red & red PTFE Silicon septa (9 mm); Thickness: 1 mm

BSBUSWRBPS09

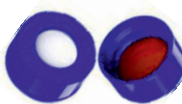

PerkinElmer, Borosil, VWR, & Cyberlab etc. product

Blue screw cap with bonded pre-slit, red & white PTFE Silicon septa (9 mm); Thickness: 1 mm **USA.**

BSBUSTBPS09

ThermoFisher product

Blue screw cap with bonded pre-slit, red & white PTFE Silicon septa (9 mm); Thickness: 1 mm **USA.**

BSB18MC

Aluminium magnetic crimp cap septa (18 mm); Thickness: 3 mm

BSB18MS

Magnetic screw cap (18 mm) Thickness: 3 mm

BSBUSCW20

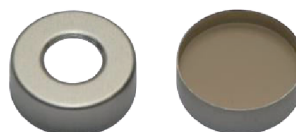

Agilent & PerkinElmer product

Aluminum crimp cap with septa white & white PTFE Silicon **USA.** (20 mm)

BSBUSC20

Agilent, PerkinElmer, & Cyberlab product

Aluminum crimp cap with septa white & beige PTFE Silicon **USA.** (20 mm)

BSBSC20

PerkinElmer product

Aluminium STAR crimp cap with septa white & beige PTFE Silicon (20 mm); Thickness: 3 mm

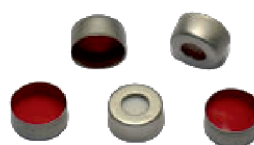

ASC20 & AC20

Aluminum crimp cap (20 mm)

BSBUSC11

PerkinElmer & Cyberlab product

Aluminium crimp cap with red & white PTFE Silicon septa (11 mm); Thickness: 1 mm

Filters

BSBN1322

Nylon syringe filter
(13mm x 0.22µ), Hydrophilic

BSBN1345

Nylon syringe filter
(13mm x 0.45µ), Hydrophilic

BSBN2522

Nylon syringe filter
(25mm x 0.22µ), Hydrophilic

BSBN2545

Nylon syringe filter
(25mm x 0.45µ), Hydrophilic

BSBPTF1322

PTFE syringe filter
(13mm x 0.22µ), Hydrophobic

BSBPTF1345

PTFE syringe filter
(13mm x 0.45µ), Hydrophobic

BSBPTF2522

PTFE syringe filter
(25mm x 0.22µ), Hydrophobic

BSBPTF2545

PTFE syringe filter
(25mm x 0.45µ), Hydrophobic

BSBPV1322

PVDF syringe filter
(13mm x 0.22µ), Hydrophilic

BSBPV1345

PVDF syringe filter
(13mm x 0.45µ), Hydrophilic

BSBPV2522

PVDF syringe filter
(25mm x 0.22µ), Hydrophilic

BSBPV2545

PVDF syringe filter
(25mm x 0.45µ), Hydrophilic

PEEK Ferrules, Tubings, Membrane Filters, Vials, and Spare Parts

PFT SH16/16/A16

Shimadzu and Agilent products

PEEK ferrule
machined with
single/double head 1/16

BSBCEF

Column end fitting

BSBPT

PEEK tubings 1/16 "OD"
(Available in all "ID" 0.13, 0.17,
0.25, 0.50, 0.75, 1.00 mm)

BSBNM/BSBPVM

Nylon and PVDF
membrane filters

BSBAV

Amber tubular glass vials
(type 1) with phenolic screw cap &
PP inner plug (3 ml to 20 ml)

BSBMAV

Amber moulded glass vials
(type 3) with phenolic screw cap &
PP inner plug (5 ml to 30 ml)

BSBCBV

Clear tubular glass vials
with phenolic screw cap &
PP inner plug (3 ml to 30 ml)

BSBTAVRS

Amber tubular glass vials
with rubber stopper and aluminum
seal (2 ml to 20 ml)

BSBHU

HPLC Union

BSBMFP

Mobile Phase Filter

BSBSIFA

Solvent Inlet Filter

BSBHC/DC-MS/SS

MS/SS Hand Crimper &
De-Crimper (11 mm, 13 mm,
and 20 mm)
